To Whom It May Concern:

The community of Point Loma is currently included in the San Diego County First Supervisorial District, along with downtown, Coronado, Chula Vista, Imperial Beach and other communities. Notably, the First District encompasses San Diego International Airport and the San Diego Bay.

The current process of redistricting may entail a separation of Point Loma from the remainder of the First District. The residents of Point Loma strongly support retaining our community within the First District, since matters involving the airport and the San Diego Bay are of such integral importance to our own neighborhood. Indeed, no other area of the county is so deeply impacted by decisions involving the airport as our own Point Loma.

We recognize the necessity of periodically redrawing district boundaries in order to maintain appropriate populations in each district. However, we believe that it is crucial and imperative that Point Loma remains a vibrant, involved and committed component of the First District. Our citizens are deeply involved in matters affecting the airport and are passionately protective of the San Diego Bay.

The Point Loma Association, representing the residents and businesses of this community, endorses this position and urges that the area be retained in the First District.

If this means more politicians, more staff, more \$ spent, forget it!
